[LinkedIn](#) , [GitHub](#) , [Personal website](#)

I am a Intermediate Frontend Web Developer with almost three years of experience working with React, React Native and TypeScript. Equipped with a diverse and promising skill-set and ready to acquire new skills, I am able to effectively self-manage during independent projects, as well as collaborate in a team setting.

## SKILLS

React, React Native, TypeScript, GraphQL, JavaScript, HTML & CSS, Git & GitHub

## WORK EXPERIENCE

December 2022 – August 2023

Frontend Developer at Climaider; Copenhagen

- Collaborated with cross-functional teams to integrate front-end features with back-end systems
- Contributed to the development of new features to enhance the user experience on the website
- Assisted with website optimization for improved page load speed and user experience
- Implemented responsive design to ensure optimal viewing experience on various devices

April 2022 – May 2022

Frontend Developer at KasparAI, Copenhagen

- Transitioning their Vanilla JavaScript website to ReactJS

November 2019 – November 2022

Intermediate Software Engineer at Nuri (ex Bitwala), Berlin

- Implemented and updated application modules under the direction of Senior Software Developers.
- Effectively coded software changes and alterations based on specific design specifications.
- Working with agile methodologies

## **EDUCATION**

September 2023 – present

IU International University of Applied Sciences, BS - AR/VR/XR Development & Design

August 2019 – October 2019

Ironhack, Berlin 9-Week Web Development Bootcamp

Acquired Skills:

- HTML5, CSS3 & Responsive Web Design
- Fundamentals of Object-oriented programming based on JavaScript
- Integration of third party services (APIs)
- Writing clean, modular and efficient code and develop well-tested applications using TDD (Test Driven Development) principles
- Agile tools and methodologies

## **HOBBIES**

I love being outdoors and being creative. Playing guitar, some banjo and bass, singing, making (sometimes digital) art and video montages of trips.

Recently I started having an interest in VR and the many possibilities of it, so I'm trying to learn more about this technology.

## **LANGUAGES**

German, Native speaker English, Highly proficient
